Just finished the lesson with Kitajima-sensei.

This went really well, very good pace and appropriate content. I have confirmed next week's lesson.

Hi Anne,

It was good to meet you. I had such a laugh in the lesson although I felt a bit bombarded with the whole lesson being in Spanish but I feel that I did pick up quite a lot more than I was expecting. I am looking forward to the next one.

Regards.

Anne,

I had a great time in Brazil thanks, and really valued the help I received from Lucia prior to my trip. She is a very competent and engaging language teacher.

Kind regards,

Well, it's early days, just one lesson, but I thought she was brilliant. She seemed more structured and organized than the other Russian teachers I have had. I have arranged for one lesson a week for now. Next Tuesday, 4pm.

Salut Anne

Thanks so much for being so understanding about my situation. You know I have always found you an excellent teacher and I too am sad that we won't be having our frequent meetings but I just want to say thanks so much for getting me this far! I am hoping that as I can have a lesson at home now I can have them more often- Do keep me posted about your wine nights as Regis and I should really come along some time and you should come and visit us over by the river when you get some time!

Hope all is going well for you and hope to see you soon

Thanks again for everything.

Much love

Dear Anne,

It went well. Almut seems to know her stuff, that's very important to us as we can both rabbit along quite easily and what we need is someone who is strict enough to ensure we get better. (I cant speak for Adrian as he is a good boy but I am a lazy toad when it comes to homework!)

Many thanks.
Richard
